17. (Internal Use Only - PLC) LIAISON Called Hilda Schreiber, Retirement Specialist at OMB, and discussed H. R. 5383. She said that the Administration is strongly backing the floor amendment to the bill which will strike the mandatory requirement for retirement at age 70 from the Civil Service Retirement law. She recognized that the Director has established mandatory retirement at age 65 for Civil Service retirees under his own statutory authorities. She presumed that the Agency would find that it is not affected by the change in the Civil Service Retirement law and continue to follow this policy.
